Q. Print the sum of odd nos. from 1 to n.

n = 100. O/p : 2500

```
int ans = 0;

for(i=1; i≤n; i++){
    if(i % 2 == 1){
        ans += i ;
    }
}
sout(ans);
```

Q pattern 3:

num = 5   num = 4

```
* * * * *        * * * * *
* * * *          * * * *
* * *            * * *
* *              *
*
```
